

MASTER IN COMPETITION AND REGULATION ECONOMICS – Starting in September 2017 –

Why University of Mannheim?

- One of the world-leading faculties in the areas of competition and regulation economics
- Close interaction with the Centre for European Economic Research (ZEW)
- Beautiful downtown campus
- Located in the industrial heartland of Europe with world-leading enterprises at the doorstep
- 30 minutes by train to Frankfurt International Airport
- No tuition fees for EU and EEA citizens

The program in a nutshell:

- Two years (four semesters) with 120 - 126 ECTS
- High-quality structured program with an annual intake of 25 students
- English speaking program with an international student body
- Specialized compulsory courses Industrial Organization – Markets and Strategy, Empirical Industrial Organization, and Competition Law, complemented by a large number of electives and a tailor-made lecture series with talks by leading competition and regulation practitioners
- Close interaction with law students
- Various possibilities for internships, excursions, and other interactions with our partners Bundesnetzagentur, German Monopolies Commission, Competition Commission of Singapore, Deutsche Bahn, Deutsche Telekom, CompassLexecon, CRA, etc.
- Excellent career opportunities, e.g. in competition and regulatory authorities, companies in regulated sectors such as energy and telecommunications, consultancies, etc.

Elisabeth Kurz
second year Master student

"In Mannheim students receive outstanding education in economics within an international study environment."

Professor Martin Peitz
Program Director

"The University of Mannheim offers the new and exciting 2-year master program "Competition and Regulation Economics" combining academic excellence with real-world relevance."
